

Technical Data

DES PC Drippers >

> PC-ESG-CNL Dripper

DESCRIPTION:

- Glasshouse and nursery

Application

Specifics

- Self-compensating dripper
- Working pressure: 0,7 ÷ 3,5 bar
- Opening pressure: 0,7 bar
- Closing pressure: 0,15 bar
- Coupling: 3 mm
- Turbulent flow labyrinth
- Water intake large filter
- Recommended filtration: 120 mesh

Features

- Conical outlet
- Straight exit model

Materials

- Polypropylene

Code	Description	Colors	l/h	Box
