DESCRIPTION:

Applications

- Automate your hose-end sprinklers, drip irrigation system or soaker hose for better scheduling consistency with this easy-to-use digital controller
- Along with rugged dependability for season-long outdoor use, this professional grade controller offers sophisticated functions for worry-free watering convenience.

Features

- Extra large screen with selector and programming dial make it easy to set and review your watering schedules
- In operation, the screen also displays program status such as next scheduled cycle and time remaining on a current cycle
- Advanced features include programming up to two watering times per day on any day(s) of the week, plus "water now" and "cancel" buttons to override programs instantly when desired
- Ideal for use with Rain Bird drip or any hose and sprinklers; Allows automatic irrigation in every corner of your green area: gardens, landscape beds, recently planted or consolidated lawns

Specifications
