ADDITIONAL SUBSCRIPTIONS

Code	Article	Description
SLPLAN1	SL-PLAN1	SmartLink 1 year subscription
SLPLAN1F	SL-PLAN1F	SmartLink subscription + FLOW 1 year

HOW DOES IT WORK

Maximum control

- Access from any smartphone or tablet (devices with Android and iOS) via SmartLink® App (access on PC or Web not supported)
- Compatible with Amazon Echo voice commands
- Receive email alerts on key events
- Add area photos for visual verification

Automated planning and monitoring

- Adjust the watering schedule every day (SmartLine®) or monthly (ProLine)
- The run & soak cycles prevent starting
- Multiple program flexibility and start time

Superior safety and range

- No Wi-Fi access or home router required
- Safe and reliable cellular network signal
- On-board diagnostics: multimeter and valve locator included
- Plug & Play installation
- Install and activate online in minutes
