

Scheda Tecnica

Raccordi a Compressione > Serie Ecofit

DESCRIZIONE

Applicazione

- Raccordo a compressione per condotte in PE

Specifiche

- Massima pressione lavoro: 10 bar
- Realizzato in polipropilene Hi-grade
- Elevata resistenza a radiazioni UV

Caratteristiche

- Chiusura mediante ghiera interna di graffaggio a serraggio conico
- Gamma completa di figure e diametri
- Norme UNI 9561 e UNI EN ISO 15494
- Conforme a DM n° 174 del 06/04/2004
