

# Scheda Tecnica

## Raccordi PVC > a Incollaggio, Filettati, Passaggio

### DESCRIZIONE

#### Applicazione

- Per industria, agricoltura, trasporto acqua

#### Specifiche

- Massima pressione: 16 bar
- Raccordi per condotte in PVC

#### Caratteristiche

- Ampia gamma di figure e diametri
- Conessioni ad incollaggio, filettate e transizione tra i
- due sistemi
- Idonei per applicazioni fuori terra e interrate

#### Materiali

- PVC grigio con alta resistenza a raggi UV
